

REASONABLE MODIFICATIONS REQUESTS

Reasonable Modifications/Accommodations Policy

The Federal Department of Transportation (DOT) has recently revised the rules for the American with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act of 1973. The revised rules provide for public transit organizations to make reasonable modifications and accommodations to policies, practices, and procedures to avoid discrimination, and to ensure accessibility to individuals with disabilities.

Individuals with disabilities may request that Licking Valley Community Action Program, Inc. (LVCAP) make reasonable modifications in order for that individual to fully use transit services. All requests should be made in advance by contacting Jana Hunt, LVCAP Transit Director using the contact information listed below. The individual requesting the modification should provide the following:

Name, Contact Information, service for which the requests pertains and specific details of the modification requested.

LVCAP Transit will accommodate requests provided that:

1. Fundamental nature of the service, program or activity is not altered, or
2. It does not cause a direct threat to the health or safety of others, or
3. It does not result in an undue financial and administrative burden, or
4. The requester would not be able to fully use the service provided by LVCAP transit

without the modifications.
