

We would like to inform you that, effective **June 1, 2025** there will be an increase in transportation fares across all routes and services.

This adjustment has become necessary due to the rising cost of living and the significant increase in operating expenses, including fuel, maintenance, and staff wages. In order to continue providing safe, reliable, and efficient service, we must adapt to these changes.

We remain committed to delivering the highest standard of public transportation and appreciate your understanding and continued support.

For a detailed breakdown of the new fare structure and any applicable concessions, please see below:

Fare Distance	Current Rate	Proposed Rate
Within Same County	\$6.00	\$12.00
One County Over	\$10.00	\$20.00
Two Counties Over	\$25.00	\$50.00
Anything Over Two Counties	\$50.00	\$100.00

We know these proposed changes have an impact on our riders, and we want to hear your feedback. Here's how you can contribute.
